

GREENWORKS GO-2 82V UTILITY VEHICLE

The Greenworks Commercial CU 400W UTV is built for hard work. 82-volt lithium-ion batteries provide plenty of power. Large cargo areas hold up to 250 kg, and with up to 450 kg. of towing capacity,* it's ready for the toughest jobs. CU 400W features two-wheel-drive and four-wheel-drive modes for specific tasks and/or terrains, and with ample ground clearance, a wide wheel base, independent McPherson front and dual A-arm rear suspension, they're easy to maneuver through just about any type of conditions. Battery-power means they run quietly, with no emissions. Greenworks Commercial UTVs also feature a mechanical parking brake and handy dashboard compartment for easy storage of hand tools and more.

TECHNICAL DETAILS

CU 400W

Voltage	82V
Motor Type	AC Induction
Cargo Capacity (kg)	250kg* - Based on preliminary testing
Hitch / Towing Capacity (kg)	450kg* - Based on preliminary testing
Ground Clearance Front Axle	18.5cm
Ground Clearance Rear Axle	18.5cm
Drive System	2x4 - RWD
Main Gearcase	Direct Drive
Multi Mode Switch	Forward & Reverse
Speedometer / Gauges	Included
Fwd Speed MAX (km/h)	24 km/h
Drive Distance in High Mode	104 km
Charge Times	9 hrs*
Charger	1.5Kw , 15A Charger
Battery (Kwh)	8
Battery Pack Voltage	76.8 VDC 8.064kw/h
Controller	Curtis 1234SER
Front Suspension	Independent McPherson
Rear Suspension	Independent, double A-arm IRS
Front Brakes	Hydraulic Disc
Rear Brakes	Hydraulic Disc
Front Tires	Turf 24X8-12
Rear Tires	Turf 24X8-13
Parking Brake	mechanical
Dimensions (L x W x H)	270cm x 142cm x 187cm
Wheel Base (cm)	180cm
Cargo Bed Dimesnsions (cm)	130cm x 89cm x 29cm
Vehicle Weight	405 kg
Vehicle weight w/battery	485 kg
Vehicle Warranty	2 years
Battery Warranty	3 years
