At-a-glance: why Battery is Best

Full Power and Performance

Performance Now Beyond Petrol Tools

Environmentally Friendly in use

Zero exhaust fumes Zero toxic emissions

Less Noise

Much quieter than petrol - better for operator & Sunday morning neighbours

Instant Start. Of course

None of the preparation (or hazard) issues associated with petrol

Less Vibration

Smooth electric rotary is far smoother than a petrol piston

Cutting Edge technology

21st. Century Batteries

Rapid recharging

Can be as little as 30 minutes for 100% recharge

A few cents per recharge

Charging the battery costs peanuts

Who is Greenworks?

greenworks

Connect. Relax.
